Dear Editor,

RE: A retrospective analysis comparing clinical staging with MRI staging in cervical cancer patients

We wish to submit the above manuscript for consideration for inclusion as a short report. All authors have been involved in the design of the study, review of results and completion of the manuscript. We declare this is original research, previously unpublished. The protocol was submitted and approved by the University of Stellenbosch ethics committee. We declare no conflict of interest.

Thank you for your consideration.

Yours sincerely,

Four handwritten signatures in black ink, arranged horizontally. From left to right: a stylized signature, a signature with a long horizontal stroke, a signature with a large 'S' and 'M' and the name 'H. van der Merwe' written above, and a signature that appears to be 'H. Hattingh'.
